Dear Helen

Lawson's have let and managed my buy to let property in Wolverhampton for almost 3 years. During this time I have had several sets of tenants. The team at Lawson's have always acted in a professional manner and made being a landlord a stress free experience.

In the course of my work I have dealings with many letting agents across the Midlands and beyond. I have found that Lawson's standards, professionalism and levels of staff training leave the others well and truly behind. The key to a good letting agent is not how they conduct themselves when things are going well, rather, it's how they tackle problems and resolve issues. Lawson's have always dealt with any problems in a timely and efficient manner.

I would not hesitate to recommend Lawson's to clients, friends and colleagues. Thank you for all your efforts and I look forward to continuing our professional relationship in the future.

Yours Sincerely

Duncan Piper.
